

The small size of P.D.CHOPPER HANE SP comes up!

Use it for jumping with crawfish-type worms or for reeling with Shad Tail worms. The leaping mantle will attract every bass!

■ Mono Guard

Titanium alloy Mono Guard with just the right hardness and length. It helps escapes weeds, yet, never hinders hooking, encouraging even deeper hooking.

■ Original Hook

Comes with the original hook from the dependable maker, Owner.

■ Head

The semi-flat head helps stand at the bottom and easily divert cover while swimming.

Made of silicon which is durable and with flare.

■ Skirt

Using a silicon material superior in the durability.

■ Worm Keeper

The setting that attached great importance to hooking. A wire worm keeper keeps a trailer solidly.
