

BREDY ORETACHI TUNE

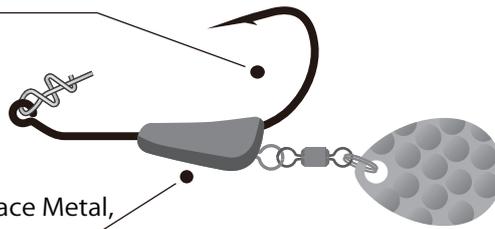

Three Features to Tune Up! "Bredy Oretachi Tune" Is Here!

Bredy is not picky about seasons or fields - just casting & reeling will get you bass like crazy. "Bredy Oretachi Tune" is tuned up with three powerful features.

TC-coated hook for a better hooking rate, the light-weight blade to improve response, highly-dense and tough space metal weight to add a greater stability and sensitivity, all of which helped Bredy evolve into a better catcher.

TC-coated hook with a high penetrating power for a better hooking rate.

The light-weight, highly-responsive blade especially for Oretachi Tune

The best material available, Space Metal, to boost sensitivity and stability
