

Faye-Faye Tail

A performance-focused shad tail that balances stable swimming with strong appeal.

The Faye-Faye Tail is a shad tail with a presence that defies its size.

The thick tail grabs the water firmly, performing perfectly from slow to fast retrieves.

Deep ribs across the entire body catch the water flow, creating moderate resistance that ensures both stable swimming and clear feedback of the action to the angler. Complete with a hook point guard and dedicated guides for perfect nail sinker and rattle placement.

A true performance-focused shad tail that excels with any rig in any situation.

■ MATERIAL

Made with 'SAF Material' a special blend of salt, amino acids, and flavor. this high-gravity worm provides exceptional casting distance and keeps fish biting longer.

■ BODY DESIGN

The thick tail firmly grabs the water, combined with deep ribs to ensure stable swimming across all speeds—from slow to fast retrieves. Designed with moderate resistance to provide a clear 'feel' of the action.

Deep ribs catch the water flow, creating moderate resistance for stable swimming action.

A hook point guard that securely hides the hook point without hindering the hook set.

Features built-in guides for perfect placement of rattles and nail sinkers.

The thick tail creates a powerful action.
