

Pile Driver, Specifically Made for Swimming!

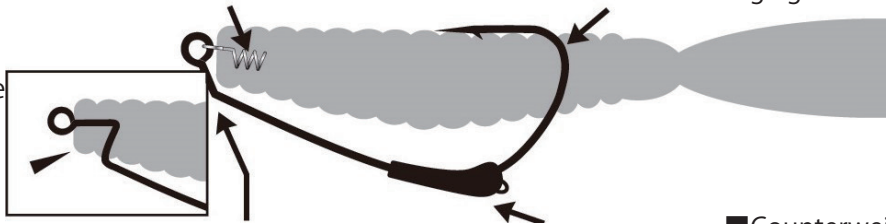

The weight is positioned just right for the horizontal posture during swimming. A ring is added near the weight to attach a blade or assist hook.

■ A corkscrew worm keeper
The adoption of the corkscrew worm keeper. A worm does not slip off and does not come off even if you cast it into a complicated bush.

■ Strong wire.
It does not transform even the strong fight of the big bass.

In offset hook case
The worm slips off in here

■ Cover contact keel
A keel part of the hook is in front than a head part of the worm. It prevents slipping a worm off from clashing an obstacles.

■ Counterweight
It realizes superior swimming balance. The blade tuning is possible by an attached Eye.

Hook Size	Weight	/a pack	Price (Tax-excluded)
#1	1/32oz (0.9g)	3	500 yen
	1/16oz (1.8g)		
#1/0	1/32oz (0.9g)	3	500 yen
	1/16oz (1.8g)		
#2/0	1/16oz (1.8g)	3	500 yen
	1/8oz (3.5g)		
#3/0	1/16oz (1.8g)	3	550 yen
	1/8oz (3.5g)		
#4/0	1/16oz (1.8g)	3	550 yen
	1/8oz (3.5g)		
#5/0	1/16oz (1.8g)	3	550 yen
	1/8oz (3.5g)		
#6/0	1/16oz (1.8g)	3	650 yen
