Weight Change cannot Be Simpler – a New Hook System for Punch Shot Rig

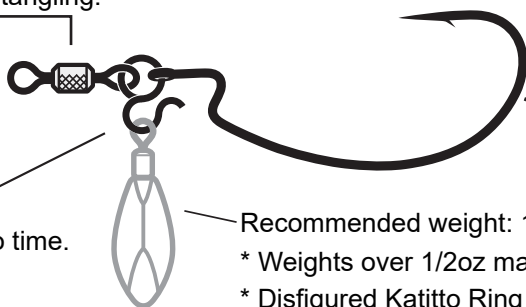

Weight change was tedious for a punch shot rig. Now, RPZ Standard has bundled RYUGI' s high-performance hook "The Standard" and "ZAPPU' s original design "Katitto Ring" , making weight change easy and fast. A state-of-art collaboration between ZAPPU' s experience and RYUGI' s knowhow.

RYUGI

Smooth rotation mitigates line tangling.
A made-in-Japan swivel.

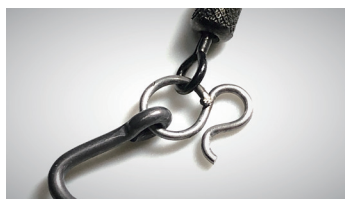

The
STANDARD
VERSATILE OFFSET

RYUGI's high-performance offset hook, The Standard, fits various worms

"Katitto Ring" allows you to detach and attach sinkers in no time.

Recommended weight: 1/2oz (14g)

- * Weights over 1/2oz may make the sinker slip off easily.
- * Disfigured Katitto Ring may cause a sinker to slide off. Repair the shape with pliers, etc.

KATITTO RING
The original part welded in Japan, equipped with usability and strength.
