

RYUGI and ZAPPU' s collaboration created this drop shot hook system specialized for Snelling, which makes weight change so speedy.

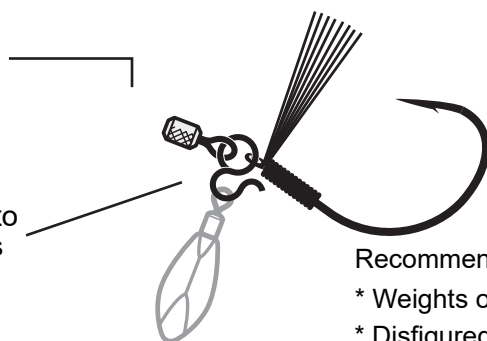

Snelling with a drop shot hook has been in the hottest attention in recent years as it has produced great fishing results all over Japan regardless of fields. In this method, a quick weight selection suited for the field situation and swift hooking function determine the success or failure in results. RYUGI Talisman is well known among pros and amateurs as the drop shot hook for fast tapers. We added ZAPPU KATITTO RING to it for an easy and speedy weight change. This is a high-performance hook with functionality and convenience.

超簡単に
ウエイト交換が可能！

Smooth rotation
mitigates line tangling.
A made-in-Japan swivel.

"Katitto Ring" allows you to
detach and attach sinkers
in no time.

Equipped with the Regular Guard
Talisman that prioritizes hooking
performance.

Recommended weight: 1/2oz (14g)

- * Weights over 1/2oz may make the sinker slip off easily.
- * Disfigured Katitto Ring may cause a sinker to slide off. Repair the shape with pliers, etc.

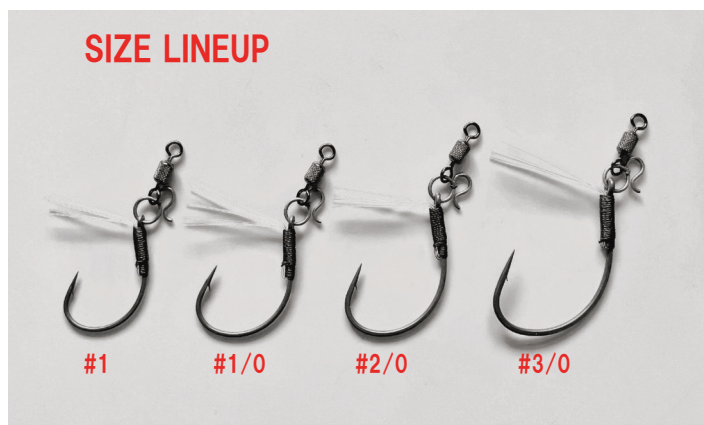

KATITTO RING
The original part
welded in Japan,
equipped with
usability and
strength.
