

For Tuning Worms and Jigs! Easy to Add on the Hook for Instant Allure.

This is an add-on attracter with double blades to go on the tip of worms or rigs. Right and left blades turn in opposite directions to create mysterious waves, as well as stabilizing the swimming posture and direction. The bearing swivels help both blades turn smoothly. Either during swimming or falling, the wave pressure and sparkling of the blades captivate the bass.

TWIN BLADE
