

## The practical tackle case, ZAPPU TANK now has the RED version.

ZAPPU TANK RED is a convenient tackle case that offers a peace of mind on the field. The water-resistant case protects the contents from rust and quality change. Considering an accidental drop into water, it's made of high buoyancy material with compact, yet big storage capacity.

"Free" type comes without a partition so you can store lures and many more items.

"Case & Free" is a hybrid with sectioned space for small items as well as free space.

There are two sizes, L and XL to choose from.

# ZAPPU TANK RED
